# "SHOW WINDOW" SALE

Spencer, Iowa  
March 1, 1954

Dear Merv:

Just a note in regard to the foundation of the Aksarben herd. I have watched with interest the good females Ed and Danny have purchased in laying this foundation. I feel I have had a small part in its progress when I sold them the great, young bull, CB Gold Max 4th. This I believe to be the greatest stock bull I have ever bred. He was used extensively in the Clausen herd before being delivered. It was no mistake as his calves were a sensation in the Clausen Bros. dispersion sale. His first bull calf was the International Congress champion at ten and a half months of age.

Shorthorn folks seeking better heads, more ruggedness, substance and fleshing quality in their cattle should be interested in the fine offering that Aksarben Acres is making on April 10th.

Sincerely,  
HOMER CLAUSEN  
Spencer, Iowa

ED PULLIAM and DAN McCUBBIN, owners of AKSARBEN ACRES, at Omaha, Nebraska, need no introduction to people who have followed the Shorthorn and Yorkshire business during the last several years. No name has come up the ladder faster than that of Aksarben Acres and their enthusiasm for good livestock has been a valuable asset in their success.

I had the pleasure of going over this set of cattle very carefully and it includes individuals that will appeal to everyone, regardless of buying requirements.

If you are looking for something special, you will like the Lot 1 cow, Edellyn Rosewood 47th – her daughter, Lot No. 2, RF Rosewood – and her two granddaughters, Lots 3 and 4, Aksarben Rosewood 3rd and Aksarben Rosewood 4th. A lot of particular buyers will also like the Lot 11 heifer, Golden Chain 60th.

If you are looking for the opportunity of buying a number of good females to establish a good cow herd, the daughters of Duncrahill Monarch, Sandoon Dividend, Goldfinder Count, Donhill Royal Leader 4th and Beathton Captivator, will suit you.

If you are one who would like to get into the Shorthorn business with a minimum cost requirement, you will like some of the well bred young females that are not selling highly fitted, but will sell in a price range so anyone can afford to own them.

Of course, all of these females will either have calves at foot or be mated to CB Gold Max 4th, a proven sire of merit.

It does look like, then, that everybody can spend a profitable day at Blair, Nebraska, on April 10th and we shall be looking forward to seeing a lot of our friends present.

MERV AEGERTER of the Shorthorn World

*A bull whose heritage destines  
him to be one of the great  
sires of the Shorthorn breed*

## **SON OF AN INTERNATIONAL CHAMPION**

*CB GOLD MAX 4th, sire, the 1949 International Champion, Killearn Max Juggler. Dam, Goldfinder's Marigold by the 1941 International champion, Goldfinder's Champion.*

### **SHORTHORN FRIENDS:**

This will be the first Shorthorn Sale AKSARBEN ACRES has held and we proudly offer this set of females to the public.

In selecting these females for this sale we have had to dig very deeply into our cow herd but by doing this we know that we are offering females that will go into any Shorthorn herd in America and do exceptionally well for their new owners.

Our cattle will not be overly fitted. In fact, they are going to be in good healthy breeding condition. The entire offering is bred to our herd bull, CB Gold Max 4th, and you will be able to see several of his get on sale day and we feel that they will speak for themselves. We are proud that CB Gold Max's first calf, shown by Clausen Bros., Spencer, Iowa, was the Grand Champion Sale Bull at the International Livestock Exposition in 1953. We think there will be calves by side, and calves to come from this offering, that will be truly as good prospects.

We are offering show heifers, good replacement heifers with good pedigrees for the purebred or commercial breeder, and good heifers that can go into ranch herds.

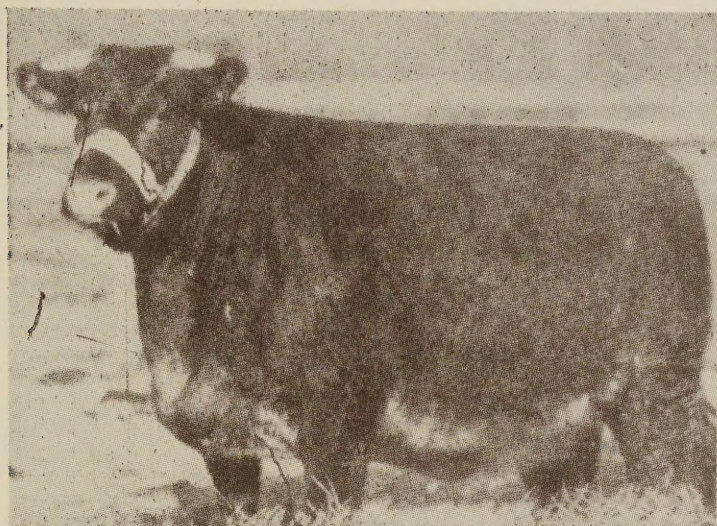

Therefore, we invite all of our Shorthorn friends in the purebred and commercial business to attend this sale because we feel that you will be able to find the kind of females that will fit your needs.

E. A. PULLIAM

EDELLYN ROSEWOOD 47th — Cows like this can be obtained only at dispersion sales or in sales as a feature attraction. This cow is one of the highest priced cows to come to Aksarben Acres and is one of the cheapest cows we ever owned. She is the dam of three of our top females and is the grandam of some of the top heifers we are retaining in our herd. She is also the grandam of Aksarben Rosewood 4th and Aksarben Rosewood 3d, selling as open heifers and feature attractions in our sale. RF Rosewood is a daughter of Edellyn Rosewood 47th, selling as Lot 2 and in our opinion could be one of the outstanding brood cows of the breed. Edellyn Rosewood was one of the top selling females of the 1947 Edellyn Sale and sells with a red heifer calf by side, sired by Helfred Farms great breeding bull, Killearn Conquest, and pasture bred to CB Gold Max 4th. Here is a cow that could fit into any top herd in America. She is being sold only as an attraction and we are retaining two of her daughters and two of her granddaughters in our herd.

# "SHOW WINDOW" SALE

## American Shorthorn Breeders' Ass'n. Guarantee

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later submitted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
